

Becoming and acting like a highly spiritual person should be the goal of everyone seeking to bring about positive changes to their lives and to our world. "Those who believe in Spirit and God will be shown the way." Consequently, dedicating yourself to be guided by God to find and live your life's purpose is a must. To find the purpose and destiny in your life requires total surrender of your will (carnal mind) and a commitment to live in the will of God. Without this commitment you may never fully understand your purpose of being here. This book contains material that has been cross referenced with the Holy Bible and also material describing personal experiences from the author, along with articles written by Zachariah Sitchin. By working through this book you can learn how to find your purpose or Gods will for your life. Once you have recognised and mastered this, you will never have to search for the answers and guidance to live in accordance with his will again. You will always know what He requires of you. As you learn to communicate with God, you will progressively build a stronger, more meaningful and deeper relationship not only with Him, but also with your family members and others around you. If you are one of those seeking to find their purpose in life, you will need to learn to hear the voice of Spirit speaking to you before you can be guided. When you can hear spirit speaking to you, will you be able to recognise the signposts that will guide you to your life purpose and destiny. Some people would claim that living according to the will of God would be an impossible task to master because, "they cannot hear the voice of the Spirit within speaking to them." Without hearing the voice of spirit speaking to you, you have no guidance and don't know where you are going, just like a ship in a storm without a rudder.
