

Can you hear the whispers? Whisperers, spectators of our lives until they gain access. For Madeleine Perdu, access was granted. Gentle whispers, subliminal messages came, and then the darkness. Why, Madeleine, why? Her mother, Ava Perdu, asked. The whisperers blew thoughts into Ava's head. People will pay for this. And so they did. Ava, a mysterious and dangerous woman, never stopped to question the accuracy of those whispers. But she had no choice when a stranger entered her life and identified the whisperers. Things are not as they seem. Demon Whispers is an exciting sequel to Dead Man's Journey.
