

Giorgio Agamben has come to be recognized in recent years as one of the most provocative and imaginative thinkers in contemporary philosophy and political theory. The essays gathered together in this volume shed light on his extensive body of writings and assess the significance of his work for debates across a wide range of fields, including philosophy, political theory, Jewish studies, and animal studies. The authors discuss material extending across the entire range of Agamben's writings, including such early works as *Language and Death* and more recent and widely acknowledged works such as *Homo Sacer*. Readers will find useful discussions of key concepts and theories in Agamben's work, such as sovereignty and bare life, along with more critical analyses of the political stakes and consequences of his theoretical and political interventions.

Speeches of Lord Erskine: While at the Bar, Volume 1, In search of Ireland, DollGirl6: The Doll Flying Around (Japanese Edition), A Nicaraguan Family (Journey Between Two Worlds), The Souls Awakening, The Honest Herbal: A Sensible Guide to the Use of Herbs and Related Remedies,
