

From the Romans who viewed the hedgehog as a weather prophet to modern gardeners who depend on the creature to keep gardens pest-free, the small, spiny animal has had a close connection with humans since the dawn of civilization. A creature of fascination, endearment, and cultural significance, it is one of the few wild animals that people can approach without the fear of attack or it running away. Exploring how this and other characteristics of the hedgehog have propelled it to become one of people's favorite animals, this book examines the natural and cultural history of these symbolic creatures. Following the hedgehog as it spreads through Europe and Asia to the foot of Africa, Hugh Warwick describes its evolution, behavior, habitat, and diet, as well as its current endangered status. He also looks at the animal's appeal, accessibility, and status as a pet in many countries, considering its appearance in advertising, films, children's books, and games. Casting new light on the ancestors of Sonic and Mrs. Tiggy-Winkle, *Hedgehog* is a fascinating look at these prickly, admirable animals.

Wild hedgehogs have been living in Africa forever but only in recent years have they been kept as pets. Most North American pet hedgehogs. Petting a happy hedgehog is a bit like affectionately stroking a bristly hairbrush. Attempting to pet an upset hedgehog is more like trying to. The hedgehog is thought to be one of the oldest mammals on earth, with estimates dating the hedgehog to around 15 million years ago. Many think the surge in pet hedgehogs began with the release of the popular video game, *Sonic the Hedgehog* in , and this is one fad that seems to have.

A hedgehog pet has special diet and exercise needs, according to Dr. Krista Keller, an exotics veterinarian at the Illinois Veterinary Teaching.

The hedgehog was named because of its peculiar foraging methods. These animals root through hedges and other undergrowth in search of the small creatures.

Hedgehogs are mammals that have been around for millions of years. These animals naturally live through most of Africa and in southern Europe. They are. 26 Jan - 6 min - Uploaded by Earthling Some information people should know before the bring a hedgehog home as a pet! Topics. Hedgehogs look too prickly to pet. Find out if a hedgehog can be held and cuddled or if they are pets you can't touch.

Details on their appearance and how to best choose a hedgehog from a Pet hedgehogs come in an array of colors but they all have backs. Because they are considered wildlife, it's illegal to keep a hedgehog as a pet in many parts of the United States, including California, Arizona.
