

What really goes on behind the doors of a locked psychiatric unit? Take a look behind the door with a nurses lens. This book is part comedy, part tragedy and one hundred percent honest. Donna Cohen reveals the drama while delivering an entertaining discussion of the state of mental health in America. Perhaps you will recognize these illnesses in your own family or spouses. She also critiques the governments role in mental health, and provides a smarter road map for managing mental illness. Also discussed is the danger that deadly microbes, spilling onto our shores and crossing our borders unchecked pose to every citizens health. Be prepared to laugh and perhaps shed a tear or two. Above all, get ready for a serious belly laugh while you learn something new and outrageous.
