

18 year old Macie Madison, daughter of Malcolm Madison III, is head-over-heels in love with Seth Hall, but her parents have forbidden them to see each other. Her father owns Madison Research Facility which has been in the family for three generations, but she nor her mother have a clue as to what type of research takes place there or where its even located. When Miss Millie, the cook at Madison Manor, sends a telepathic message to Macie, it opens up many questions that Macie wants answers to. She and Seth take a road trip to find the facility, and the deepest darkest family secrets are revealed....and Macie is shocked to learn something about herself that she never dreamed possible.
