

Entre courbes et contre-courbes, Mucha crea, a la fin du XIXe siecle, une egerie nouvelle qui devait hanter les rues de Paris. Au fil des representations de Sarah Bernhard, cette muse voluptueuse devint un veritable embleme de l'Art nouveau et offrit a l'affichiste succes et renommee. Neanmoins, le talent de l'artiste ne se limita jamais a la lithographie. Nourri par cette passion d'exalter, au mieux, la sensualite du monde qui lentourait, l'art de Mucha, s'exprima indifferemment tant sur les monumentaux panneaux decoratifs des salles a manger que sur les petites pieces delicates de porcelaine. C'est toute la richesse et la variete de cet artiste fin-de-siecle que nous fait redécouvrir ici l'auteur.
