

One of the most fascinating and insightful adoption stories I have read. The author captures the essence in adoption in a most intriguing way. Not only is the reader led throughout her life's struggles and adventures, but the reader is also treated to an inner wise woman, who speaks to her throughout her life. Although she finds disappointments and frustration as she pursues her journey to self, her story provides proof that with courage, honesty, and tenacity there can be a happy ending to this lifelong odyssey. The book will appeal not only to everyone connected to adoption but also to those who enjoy an interesting adventure as well. According to Nancy Verrier, psychotherapist, lecturer, and author of the Primal Wound and Coming Home to Self.
