

At the publishing of Jonnie Whittington's first book - Building Your House - Annette Watson advised, "Now that your spiritual house is built, pests will try to invade. You need to write another book on how to keep them out." She said, "Write about Tala the Termite, Rastas the Rat, and Rodie the Roach." Protecting Your House from Pests is Jonnie's version of Annette's advice. It is a Biblical model for keeping your house free from demonic spirits. Jonnie has used the materials in this book to teach others. She has seen women delivered from the power of Satan, both in her jail services and in the churches where she ministers. Jonnie Whittington has spent most of her lifetime teaching the Bible. The daughter and wife of Church of God ministers has given her experience with people covering a wide variety of problems. She shares her experiences at women's seminars and teaches her Bible studies for local churches. She is a piano teacher, songwriter, comedienne-entertainer and author of four books. Jonnie and her retired minister husband, Malcolm, met at Lee University and were married in the Church of God Publishing House Chapel. They have three children, eight grandchildren, and one great grandchild. They reside in Florida where her son, John and son-in-law, Dale Dansby are her pastors.
