

This reference guide is an essential addition to any managers book shelves. It has been specifically compiled to provide the acting or potential supervisor/manager with easy access to the extensive range of techniques, theories, activities and practices that may be used in the work place. The entries are deliberately brief and free of jargon, with references to more detailed sources to aid the reader. The author has a wealth of experience of management both as a practitioner in industry and as a teacher of management subjects at many different levels.
