

Taralisu strikes a chord. Jack Dawson is a complicated and disturbing character. Tullis paints the portrait of a villain, who at times becomes sympathetic. As the great Dostoevsky does in Crime and Punishment, Tullis forces the reader to experience a sense of kinship with the brutal murderer, one that might make him or her feel a bit uncomfortable. ~ M L Hamilton In the failing economy of former car manufacturing city Dayton, Ohio, Jack Dawson, a revered painter, sets off on an artistic, cunning, and murderous rampage to save the city and world from its greatest enemy: apathy. The dispassionate and life-apathetic Detective Lubowski calculates after him. Shadows of literary greats shift nervously in every breath during the struggle. In the wake of death and chaos, the two geniuses race to mankind's conscious desire to figure itself out, and its subconscious plea to remain unsolvable. Layered over three-fold, Taralisu is a book simultaneously thrilling, philosophical, and a bitter-sweet elegy to the writers of history. It is heart-break and redemption, passion and misdirection, apathy and realization. It is Taralisu.
