

This text helps teach pre-service teachers the art of inquiry—instilling in students a sense of wonder, curiosity, asking questions, looking for answers, and making sense of the world in different ways. The authors see teaching as an art that supports the learner in multiple ways, using different tools that are responsive to their individual orientation or to their multiple intelligences. Teaching as Inquiry is based on best practice and centers around the philosophies of Reggio Emilia, as well as Dewey, Vygotsky, Piaget, Gardner and others. The book has a unique structure that focuses on helping future teachers understand the theory and apply it practically. Each chapter begins with a story from the classroom, followed by a list of questions to be considered throughout the chapter. “Think About It” boxes ask students to pause and reflect, and each chapter ends with suggestions for “Getting Started” as well as Web resources and suggested readings.

Dikembe Mutombo: Mount Mutombo (Sports Stars Series), 1987 (Jahrbuch der Hafentechnischen Gesellschaft) (German Edition), Rigby Literacy by Design South Carolina: Bridge Card Package Grade 5, A Complete Guide to the European Research, Technology and Consultancy Funds, Systemic Therapy and Attachment Narratives: Applications in a Range of Clinical Settings, Human Anatomy and Physiology for the Health Sciences, The Towers: A Dan Lenson Novel of 9/11 (Dan Lenson Novels Book 13), Fullerenes and Related Structures (Topics in Current Chemistry), Killing Them with Kindness, The Engagement: A Novella (Brown Eyed Beauties Book 2),
