

* Addresses key issues related to bringing microfinance into the commercial realm* Written by prominent practitioners and scholars from a variety of organizations While many microfinance organizations started as NGOs, there is now a growing movement for them to transform into regulated, for-profit entities. Concurrently, commercial banks, credit unions, and specialized investors are also entering the market. The Commercialization of Microfinance synthesizes case studies from Latin America and beyond, delving into the trends and challenges of converting microfinance institutions into commercial entities. Prepared by ACCION, this book will be essential reading for anyone interested in understanding how the world of microfinance is changing, and how that world affects the broader processes of development.
