

The Future Is Now: A New Look at African Diaspora Studies is an exciting collection of essays representative of new voices in this ever-expanding field. Writing in English, Spanish, French, and Haitian Creole, the volumes contributors look at the fields of art, literature, film, and music. From the Hispanophone, Francophone, and Anglophone Caribbean to the United States to Europe, the scholars here interrogate themes of memory, power, gender, identity, race, and religion. In so doing, they uncover forgotten episodes of history previously lost to hegemonic tellings of the past. Here, readers will find studies on Haitian documentary, Puerto Rican art, Trinidadian calypso, Colombian poetry, African-American novel, and African photography and collage. The Future Is Now serves as a celebration of the contributions made by people of African descent, providing a glimpse at the breadth of cultural offerings to be found throughout the African Diaspora in the Americas and Europe.
