

The scandalous debauchery of the playboy 10th Earl of Shaftesbury sent seismic shock waves through the British aristocracy. He divorced the mother of his children to marry a foreign prostitute, installing her as the new, grand Countess of Shaftesbury, the female figurehead of an historic family revered for centuries for its probity and charity. Incredibly, he flirted with more prostitutes divorcing his whore-countess in order that another of his stable of swingers could acquire the ancient and noble title. But ugly fate caught up with him first. After being reported missing, his skeletal remains were found several months later just outside Cannes, on the French Riviera. The Countess and her psychopath brother were convicted of the premeditated murder, committed in a desperate attempt to retain the titled status and a lions share of the inheritance before the Earl had changed his will. Hollywood superstars and a reigning monarch were even cited at the trial. But the full, tawdry story has never been told, until now. People privy to the Earls darkest secrets have been tracked down and for the first time have filled in the vital gaps that were never revealed before. In this meticulously researched book, the author has unearthed truths beyond the most warped imagination.

She: Part 2, Medical Dictionary and Health Manual, The New American, Holdfast, Western Sexuality, Working With Words and Pictures (Graphic Design Basics), Zendoodle Coloring: Early Spring Garden: 50 Blooming Spring Flower Designs to Color and Exhibit (Spring Flower Patterns, Flower Patterns, Mosaic patterns), Star Wars: Tales of the Jedi - The Fall of the Sith Empire (1997) #5 (of 5),
