

When Captain Amara Trysdell is sent home on medical leave, her world turns upside down. Shortly after arriving, her guardian and brother are attacked by blood magic. When her guardian recovers he reveals to her the long hidden prophecies responsible for the attack. Faced with the possibility of another attack killing her brother, Amara agrees to be his bodyguard on his quest to find the last-born dragon who may not even exist. The treacherous journey across two countries and the valley of the dragons proves to be a true test of Amara's talents learned in the Light Riders, the best mercenary troop in the land. Amara soon realizes that living through the journey is almost as unlikely as finding the elusive three hundred year-old green dragon Xymal.
