

In this visionary and ecofriendly novel set in Amsterdam, the heroine carries on an elegant meditative dance with the unremarkable trivial events that occur during her daily life. Using imagination and reverie to distill trivia into ecstasy, she turns her mundane world into an exotic and thrilling new environment. In her eyes Amsterdam becomes an ensouled city, replete with mysterious minidramas enacted by an extraordinary cast of characters more cleverly disguised than revelers during Carnival. The streets and canals become an immense art gallery, funhouse and more-than-human community, where meaning is a daily event, and oases of mood catapult her into moments of ecstasy.
