

The Times Table Tales Workbook is a companion book to Times Table Tales. It will help you help your child successfully learn the multiplication facts, in a fascinating way that's so memorable they'll never forget them! This simple, yet powerful book, gives you the exact steps to take to help your child easily learn the times tables in a way that is enjoyable for everyone. Gone are the days of drearily repeating abstract numbers until the facts are finally drilled into the brain. This game-changing book on learning the multiplication table uses brain research to super-charge your child's learning - making it fun and effective along the way! If your child struggles to remember their multiplication facts, or has learned and then forgotten them, or is learning them for the first time - then this book is for you. Using the method taught in Times Table Tales, the author helped her son learn all his multiplication facts in one month, practising only minutes a day and he hasn't forgotten them yet! Included in the workbook are checklists and step by step instructions for how to create Times Table Tales. Get started with the Times Table Tales Workbook today!
