

Up Against The Clock is a managers guide for those who dont have time to read time management books. It covers the essential gamut of time management wisdom, and provides useful information about attitude and self-evaluation, organizing a clear and streamlined workspace, running effective meetings, getting the best out of employees, and generally greasing the wheels of an optimally efficient work environment. The books purpose is to effectively double your time efficiency with tested and proven time-saving methods that apply to a variety of day-to-day situations. If the ideas presented in this book are practiced diligently, they will lead to success both on and off the job. Up Against The Clock can be used as a handy reference manual or a primer to be read straight through. It is also a workbook, with written exercises to be filled in and completed.
