The plan now was to gradually work their way down the Mediterranean coast over the rest of the summer before finding somewhere nice and warm in the South of the country to spend the winter months. More rib tickling escapades unfold on their road trip as they find themselves in often hilarious, sometimes scary and sometimes toe curling predicaments. So why not travel along with them now as they realize their dreams of a life in the sun, exploring the beautiful Spanish countryside. Having met this couple in person, I know they are the real deal ! I have had the privilege of hearing their true life stories, warts and all, for real, and yet reading them all over again still brings laughter! If you are thinking of travelling, or not, read THIS, if it does not bring a smile to you face...nothing will. by Squidly. These two and their dogs!!!! I dont know how or why theyre still alive???
