

Tony hasn't seen his grandmother for a long time. His parents seem to think she's a bit strange and they never visit her. But one day his grandmother drives up in her spiffy sports car and takes Tony off for a whirlwind weekend getaway. Grandmother proves to be a fun, resourceful, and determined companion who wins Tony's heart completely and, ultimately, his parents' hearts, too. This is the perfect book for newly independent readers to read to their own grandparents.
