

Bryn is a full-blooded werewolf, only there is one problem. She has no second form. At puberty when all lycanthropes experience their first shift into a wolf, nothing happens for Bryn. Now 18 and considered a freak of nature by the Pack, she can't wait to escape the small town of Gardiner, Montana. When a rogue wolf named Calder comes to town, his goal is to challenge the Alpha for control of the Pack. He takes an interest in Bryn and her secrets. He thinks he can help solve her problem but it will take deception and a collision with the past to do it. This is a young adult novella.
